

## **Educational Technology Defined**

Task: gather in groups of three or four and discuss the questions below. Select a member of your group to report your group's ideas. You have about 10 minutes.

| How would you define technology? |
|----------------------------------|
|                                  |
|                                  |
| Examples                         |
|                                  |
|                                  |
|                                  |
| What is Educational Technology?  |
|                                  |
|                                  |
|                                  |
| Examples                         |
